SUSSEX DEAF ASSOCIATION**

IMPROVING LIFE CHANCES

The County Council and the National Health Service have got together and produced a rough idea of what and how their services should be provided for any person with a long-term health condition. Before they put these plans into action they want to ask **you**, the people with a disability such as **deafness**, what you think.

With this in mind, hundreds, if not thousands of questionnaires have been distributed to people explaining the plans and asking if they have missed anything.

The next stage is to have a short meeting where you, (whether you have filled in a form or not), will be able to meet senior members of East Sussex County Council and the Health Service and either put your points of view forward or have them explain more specifically how they intend to help you.

So..... please, please, please, come to the meeting and at least show support for people with a **hearing loss**. There will be a loop, speedtext and interpreters and of course, an opportunity for you to be involved in these important decisions.

**Monday 27th April 2009, 10am to 1pm at
Horntyre Leisure Centre, Bohemia Road
Hastings, TN34 1EX**
